Call for Expertise Ref: IO/20/CFE/10018790/RIA

Title: Engineering Support for 4D planning, preparation and documentation for the site assembly of Tokamak components in Worksite 1 - Senior Mechanical Engineer

Dear Madam/Sir,

The ITER Organization (IO) requests eligible companies, institutions and other entities to provide their proposal for the provision of services to perform the task named above. This Call for Expertise, as described below:

The objective of this Call for Expertise (CFE) tender process is to acquire the services of (1) one suitably qualified expert for a maximum contract period of 12 months. Unless specifically requested by the IO, the tenderer should not submit multiple CVs offering a variation of technical experience levels and costs.

The following documents are attached to allow you to propose your candidacy:

- Annex I: Technical Specification ref. 2TCXD7 v. 1.1
- Annex II: Technical Experience Profile / CV (template)
- Annex III: Price schedule & cost breakdown (template)
- Annex IV: Statement of exclusivity and availability
- Annex V: Draft Special Conditions Service Contract
- Annex VI: ITER General Terms & Conditions for Service Contracts version 2014
- Annex VII: Declaration of Background Intellectual Property (BIP) (template)

Documents required with your proposal:

Tenderers must provide their own version of a technical proposal. As a minimum the list of documents required is as follows:

- Technical offer including an implementation/management/quality plan - dated and signed
- Experience Profile / CV
- Financial Proposal – to be submitted dated and signed as a separate pdf doc.
- Statement of Exclusivity & Availability - duly signed & returned.
- IP / Declaration of background (BIP) - duly signed & returned.

All documents submitted by the Tenderer shall become the property of the ITER Organization, and shall be considered strictly confidential.

Deadline for submission of proposals:

The time & date for receipt of proposals is: 16.00 CEST on 14 April 2020.

Address for submission of proposal:

Proposals should be submitted by e-mail to: Martina.Benkovska@iter.org and copied to Rosilennys.Inoa@iter.org.

Evaluation Process & Contract Award:

Proposals will be evaluated by an impartial, professionally competent technical Evaluation Committee of the ITER Organisation. A contract will be awarded on the basis of best value for money according to the following:

Technical Content - 60 points. The tenderer must provide details demonstrating their knowledge and experience in the required subject, including a description of how they propose to carry out the work/deliverables in accordance with the technical specification.

The Evaluation Committee shall evaluate the information provided in the bidder's technical proposal in relation to the key criteria areas. No other criteria will be used.

Ref. Criteria	Technical Evaluation Criteria	Points
1	At least 4 years' professional experience in the development of assembly concepts and process, and the design and manufacturing of the corresponding assembly tools	7.5
2	At least 2 years of professional experience in 4D planning, using Synchro software to create models, using input data from Primavera and 3D models from CATIA v5; Using Synchro models to propose improvements to avoid clashes / bottlenecks	13
3	At least 3 years' professional experience of the assembly of tokamaks, or very similar experience involving large and heavy components, precision alignment, ultra-high vacuum and clean conditions	7.5
4	Proven ability to autonomously conduct assembly studies, identify improvements, resolve issues, and produce clear documentation	10
5	Detailed knowledge of tolerances and large volume metrology	5
6	Prior knowledge of the ITER tokamak assembly would be a definite advantage	4
7	Fluent written a spoken English	3
8	Bachelor's degree in Mechanical Engineering	10
Total		60

Financial Offer - 40 points. The lowest priced financial offer will receive the maximum score of 40 points. All other financial offers will be divided into the lowest priced offer in turn (next highest) providing a score that is inversely proportionate to the price being offered.

Following the completion of the evaluation process described above, the proposal with the highest score out of a maximum of 100 points will be deemed to represent the best value for money.

Eligibility

Tenderers from the following ITER Member States are eligible for tendering:

- European Union including Switzerland (EURATOM Members),
- Republic of India,
- Japan,
- People's Republic of China,
- Republic of Korea,
- Russian Federation,
- United States of America.

The ITER Organization reserves the right to broaden the eligibility to other countries if deemed appropriate.

On 31 January 2020, the UK left the EU and Euratom with a transition period from 1st February to 31 December 2020 to be used to determine the conditions of their future relationship. Euratom is the ITER Member and the withdrawal of the UK from Euratom leads to the fact that UK is not anymore party to the ITER project.

Until the 31 December 2020, current end date of the transition period, UK entities retain the right to participate in IO procurement procedures.

Yours sincerely,

Mr. William De Cat
Section Leader
Construction, Assembly & Logistics Section
